MEMORANDUM FOR: Deputy Director for Science and Technology

SUBJECT: Office of Special Activities' Operating  
Budget for the FY 1968 and the Preliminary  
Office Estimates for FY 1969

1. Attached herewith is the OSA Operating Budget for the FY 1968 and the Preliminary Office Estimates for FY 1969. Also attached, per your recommendation, are Concepts B and C for the phaseout of the Oxcart Program.

2. Under the present operating concepts, we believe that the funds, as presently allotted for FY 1968, are entirely inadequate. The funding for FY 1968 was based on the phaseout of the Oxcart project beginning in July 1967. Since the project is now deployed, the phaseout has been temporarily deferred and the earlier funding estimates are no longer valid. It will, therefore, be necessary to ask for budgetary revisions at an early date. The same consideration should apply to the FY 1969 portion.
